world crops

INDEX, 1968

Abbreviations

March	prefix	**M**
April	,,	**A**
June	,,	**J**
September	,,	**S**
October	,,	**O**
December	,,	**D**

(*b*) indicates Book Review
(*r*) indicates Research Report
(*rc*) indicates Readers Comment

A

'Actril C' herbicide, M & B . . S84
Administrative staff, agricultural courses for J24, D59
Aircraft, agricultural A18
Africa, cocoa in M46
fertilizers in J89
soil conservation in . . . J49
Algae in rice, controlling . . . M54
Agriculture in the Congo Basin (*b*) . S102
America, cocoa in M46
Animal disease, world impact of . S31
Apple, pest control in . . . S20
rooting M26
Apricot pits, a use for . . . S98
Arid zone agriculture . . . D66
Aroids, edible S25
insect pests of (*r*) . . . D59
Asia SE, see under SE Asia
'Azodrin' insecticide, Shell . . M79
Australia, fodder crop, tropical . M41
sugar in (*r*) S91
Avocado, rooting M26

B

Back-scratcher insecticide applicator. S74
Bananas, controlling sigatoka in . S88
Barbados, animal husbandry in . M38
food production in . . . M38
Begonia, rooting M26
'Betanol' sugar beet herbicide, Fisons. M79
Blueberry, rooting M26
Brazil, coffee introduced into . . M46
Britain, maize in D29
Brown, spot, tobacco . . . D54

C

Cabbage, rooting M26
Cane knife, Martindale . . . S83
Carnations, rooting M27
Castor in India S44
Change in agriculture symposium . D81
Cherries, pest control in . . . S20
Cherry (sour), rooting . . . M27
Chisel plough, 'Scimitar' Stanmill Co. S83
Citronella, rooting M27
Citrus harvesting, mechanisation of . S69
Citrus Industry, the (*b*) . . . J100
Clover, white S35
Coccidiostat, 'Statyl', ICI . . S74
Cocoa, history of (*rc*) . . . S77
Cocoa in Africa M46
America M46
Trinidad (*r*) J85
rooting M27
Coffee, introduction into Brazil. . M46
processing, time and motion study M68
rooting M27
Colocasia S20
Colombia, sheep in J28
Congo basin, Agriculture in (*b*). . S102
Controlling plant growth . . . J53
Copper additive, 'Pere-Col', Plant Protection J82
Corn Production: Principles and practices (b) J97
Cotton cultivation, herbicides in . O18
old, destruction of . . . D39
Crop losses, symposium on . . M23
loss manual, FAO . . . D17
protection council in UK . . O13
equipment A16
general practitioners in . . S17
Cultivating equipment, tropical . A4
Cultivator, pedestrian controlled, Bouyer S86
pedestrian controlled, list of . A10
'Cymetox' insecticide, Cyanamid . J83

D

Date palm leafhoppers, control of . D77
Dimexano, practical experiences . O16
Directory and handbook, international World Crops (*b*) . . . J96
Disease assessment D21
Diversification, crop, in Barbados . M34
Dominica, agricultural symposium on M82
Drainage equipment . . . A15

E

Early planting J78
EEC and tobacco J76
sugar policy J15
Electricity in agriculture . . . J86
'Embathane' fungicide for hops, M&B J83
Essential oil D33
Erosion, Soil, by Water (*b*) . . S102
Erosion, wind, in Britain . . S19

F

Farmers lung M56
Farming in hot countries . . M98
Feed bin, glass-fibre, rural development services . . . S84
'Fernoxone' herbicide, PPL . . J83
Fertilizers, sprinkler application . S49
in Africa J89, M62
usage in developing countries . S19
use, world M83
Foil mulch against pests . . . J43
Flowering in sugar cane, control of . J65
Fodder crop, tropical Australian . M41
Forage harvester, 'Gehl' . . . S86
New Holland . . . S84
Forestry and agriculture . . . M23
Foot and mouth disease, UK policy . M21
Fruit drop inhibition . . . D63
in Ghana M63
pests, integrated control of . S20
setting and thinning compounds . S62
surplus, European . . . D75
Fungicides, systemic . . . S18

G

Geranium, rooting M27
Ghana, commercial vegetable production in D51
fruit industry M63
Goats, wool, Tajik S74
Gooseberry, rooting . . . M27
Grafting, chemical aids to . . J53
Gramonol potato herbicide, PPL . J83
Growth, plant, controlling . . M24
Guadalcanal, large scale agriculture in D48
Guava, rooting M27

H

Hand tools A12
Hard-wood M28
Harvesting citrus, mechanisation of . S69
Harvesters, various. . . . A19
Heat detector, 'KaMaR' Searle & Co. . S75
Herbicide, 'Asulox', M & B . . S84
'Buctril M', M & B . . . S84
'Fernoxone', Plant Protection . J83
'Gramonol', potato Plant Protection J83
in cotton cultivation . . . O18
potato, 'Patovan' CIVA . . J82
sugar beet 'Betanol' Fisons . . M79
Hops, 'Embathane' fungicide for M&B J83
Hypomagnesaemia in stock, protection against M78

I

Insecticidal crops J74
Insecticide, 'Azodrin', shell . . M79
'Cymetox', Cyanamid . . . J83
'Nemaphos', Cyanamid . . J83
'Tribuphon', VEB Fettchemi . S88
India, dwarf wheat in . . . M41
reclamation in J15
tea in (*r*) S91
upgrading sheep in . . . M32
Institutes A34
Insurance, Agricultural (*b*) . . M99
Investment, national . . . D44
Iran, rice in D70
Iraq, sugar in D65
Irrigation, butyl tubing for, Butyl Products S82
Irrigation equipment . . . A15
Irrigation of Agricultural Lands (*b*) . J96
Irrigation, sprinkler and fertilization. S58
drip system, Israeli . . . D95
Italian machinery exports . . M86

K

Kenaf for paper J73

L

Land clearance equipment . . A1
Lebanon, petaca disease of lemons in . S69
Lemons, petica disease of, in Lebanon. S69
rooting M28
Levelling equipment, tropical . . A4
Libya intensifies agriculture . . S98
opportunities for S18
Lime, rooting M28
Liming, soil acidity and . . . M99
Lucerne, Townsville . . . M41

M

Machinery, Field, using (*b*) . . D99
Maize in Barbados M37
in Britain D29
pests and diseases . . . J59
Malaysia, rubber in (*r*) . . . S90
Markets, Agricultural Producers and their (*b*) J100
Mauritius, sugar in (*r*) . . . S92
Mechanisation, first steps in . . M22
Melon, rooting M28
Mint, rooting M28
Mulberry, rooting M29
Myrtle, rooting M29

N

'Nemaphos' insecticide, Cyanamid J83
New crops from wild plants . . J70

O

Oilseeds, new species . . . J70
Oils, vegetable S42
Oil Palm, the (*b*) M98
in Malaysia, Diseases and Disorders of (*b*) J98
mechanised system for . . J35
Semi-Wild, and its Industry in Africa (*b*) J99
spread of M47
Olive oil production, world . . S97
Olives, Italian, prospects for . . M56
Italian and seed oil . . . D76
rooting M29

P

Papaya diseases J40
Paper pulp, new sources of . . J73
Patchouli M48
'Patorah' potato herbicide . . J82

Peaches, pest control in . . . S20
rooting M29
'Pere-col' copper additive, Plant Protection J82
Phosphate and clover S95
Pig enteritis, 'Pigfex' additive against J87
Planters A12
Plant growth, controlling. . . . S62
Plant pathology, international congress of D85
Ploughs, John Deere S82
reversible, 'Deamblon' . . . 586
Plums, rooting M29
Potato cultivator, Standen . . S84
herbicide, gramanol, Plant Protection J83
in Barbados M37
PP675 systemic fungicide . . J82
Processing machinery . . . A22
Processing, establishment of . . S17
Protein in animal feeds, estimating . S74

R

Rajputana desert, reclamation of . J15
Red rice D18
Research reports—see under country or crop
Resources pool, international . . M23
Rhodesian development scheme, Chiweshe M58
Rice, Australian exports . . . D76
baler, Bomfords S81
controlling algae in . . . M54
herbicidal control in . . . O25
in Iran D70
Sierra Leone, partial mechanisation of M72
Surinam, Research and Breeding for Mechanical Culture (*b*) . J99
Thailand S49
plant, the Major Pests of . . M98
thresher, Garvie S82
tractor, 'Winget', cage wheels for . D90
Root and Tuber crops, Tropical Bibliography of (*b*) . . . D100
Rooting compounds M24
for effect on different crops, see under the crop
Royal Show, England's . . . S80
Rubber, history of (*rc*) . . . S77
in Malaysia (*r*) S90
introduction into SE Asia . . M45

S

SE Asia, rubber introduced into . M46
Seeders A12
Semen, frozen, results of . . . M79
Sheep, Indian, upgrading. . . . M32
Sheep in Colombia J28
Sigatoka, control with copper . . S88
Silo, butyl J92
Smallholder Farming and Smallholder Development in Tanzania (*b*) . D99
Soft wood cuttings, rooting . . M29
Soil acidity, tea S60
conservation in Africa . . . J49
Erosion by water (*b*) . . . S102
science, international congress of . D84
South Africa, sugar in (*r*). . . S94
South America, mechanisation for . D90
Soya, growth regulator for . . S88
Russian, increase of . . . D76
Sugar, Agreement International . J15
EEC and world market . . J15
cane or beet? (*rc*) . . . S77
self-sufficiency in . . . J15
cane cutter, electrical . . . J92
growing of (*b*) J96
increasing yields by controlling flowering J65
in Australia (*r*). . . . S91
in Iraq D65
in Mauritius (*r*) . . . S92
in South Africa . . . S94
Jamaican crop S98
rooting M29
Supply Response in Underdeveloped Agriculture (*b*) D100
Sweet potatoes in Barbados . . M37
Systemic fungicides. . . . S18
for cucumber powdery mildew, PP675, Plant Protection . . J82

T

Tea in India (*r*) S91
rooting M29
Tea,
soil acidity S60
symposium in Iran, Cento . . M82
Thailand, rice in S49
Tobacco and EEC J76
brown spot D54
Toolbar, animal drawn 'Unibar', Project Equipment . . . S83
Tools for progress (directory) (*b*) . J97
Tractor, County forward cab, S82, S100
high wheel adapted for cotton . S83
Ford 115hp. J93
MF 60–75 hp M87
Roadless 115hp Traction . . S86
Skokie, 130hp, 190hp, 238hp. . S100
Tractor coupling, twin, paramount . J94
Tree crops, tropical, herbicides in . O20
'Tribuphon' insecticide, VEB Fettchemi S88
Trinidad, cocoa in (*r*) . . . J85
Tropical Crops (*b*) D99
the spread of M45

U

UNCTAD 11 . . . . J15, M21
Urea from aircraft S95
protein feed supplement . . J78

V

Vegetables in Barbados . . . M37
Vegetative propagation, rooting compounds for M24
Vines, insecticides improve growth of . D28
rooting M29

W

Waste, World Bank and (*rc*) . . M80
Weed control, chemical . . . O12
conference, British . . . D17
Wheat, Australian S97
dwarf in India M41
International Arrangement for . S98
Wild plants for new crops . . J70

X

Xanthesoma S20

Y

Yams (*b*) J98
in Barbados M36

Author index, 1968

BARRETT, R. J. R.: Agricultural Courses for Future Administrative Staff J24
BEAUMONT, P.: Rice cultivation in Iran's Caspian Lowlands . . D70
BERLYN, P.: Rhodesian Scheme reverses Agricultural Decline . . M58
BHAN, S.: Arid Zone Agriculture . D66
BHAN, S.: Reclamation of the Rajputana desert J18
BLAND, B. F.: White clover . . . S35
BROWN, I. A.: Control of cane flowering can increase sugar yields . J65
CARPENTER, A. J.: Partial Mechanisation of Rice in Sierra Leone . . M72
CHAMBERS, C. M.: Control of cane flowering can increase sugar yields. J65
COOK, D. J.: Controlling Plant Growth
1: Rooting Compounds . . M24
2: Chemicals Aiding Grafting . J53
3: Fruit setting and thinning compounds S62
4: Fruit Drop Inhibition . . D62
COURSEY, D. G.: The Edible Aroids . S25
CRAUFORD, R. Q.: Partial Mechanisation of Rice in Sierra Leone . . M72
FEEKS, F. H.: Practical experiences with Dimexano O16
GODFREY-SAM-AGGREY: Commercial Vegetable Production in Ghana . D51
Improving Ghana's Fruit Industry M63
GOODING, E. G. B.: Crop diversification in Barbados M34
GHOSH, B. N.: Time and Motion Study in Coffee Processing . . . M68
GRAINGER, J.: Disease Assessment and the Prevention of Crop Loss . . D21
GUINARD, A.: Conservation and Improvement of Soil Fertility in Africa —3. Chemical Fertilisers . . M62
—4. The fight against erosion . J49
GUPTA, O. P.: Herbicidal Control in Paddy Fields O25
HALL, J. R. M.: Maize in Britain . D29
HARLER, C. R.: Tea Soil Acidity . S60
HARRIS, K.: Maize—Pests and Diseases (visual aid) J59
HARTILL, W. F. T.: Brown Spot of Tobacco D54
JAIN, T. C.: Castor Bean Production in India's Arid Zone . . . S44
KENDRICK, A. R.: Large Scale Agriculture on the Guadalcanal Plains . D48
KROCHMAL, A.: Papaya diseases of Tropical America. J40
LUMSDEN, C. I.: Sheep in Colombia . J28
MACDONALD, A. S.: The Early Planting Controversy J78
MADSEN, H.: Integrated Control of Deciduous Tree Fruit Pests . S20
MANJI, A. G.: Time and Motion Study in Coffee Processing . . . M68
MISHRA, M. N.: Arid Zone Agriculture D66
MISRA, D. K.: Castor Bean Production in India's arid zone . . . S44
Reclamation of the Rajputana Desert J18
NEVILLE, J. H.: Rice cultivation in Iran's Caspian Lowlands . . D70
OFIELD, R. J.: Destruction of Old Cotton for Pest and Disease control D39
POTHECARY, B. P.: Destruction of Old Cotton for Pest and Disease control D39
PRASAD, R.: Arid Zone Agriculture . D66
Reclamation of the Rajputana Desert J18
